Hyderabad, Telangana

OBJECTIVE

Results-driven Frontend Developer with expertise in HTML, CSS, JavaScript, and React.js, passionate about building responsive, user-friendly, and visually appealing web interfaces. Adept at translating UI/UX designs into high-quality code and ensuring cross-browser compatibility and performance optimization. Seeking an opportunity to contribute technical skills and creativity to a dynamic development team while continuously improving through modern frontend frameworks and best practices.

SKILLS

- **Front-End Technologies:** HTML5, CSS3, JavaScript (ES6), React.js
- **Other Tools & Technologies:** GitHub, VS Code

EXPERIENCE

- **Magneq Software**   *Nov 2024 - Oct 2024*
  Web Developer Intern   Hyderabad
  - Completed a 1-year Frontend Development internship at Magneq Software, focusing on building responsive and user-friendly web interfaces using HTML, CSS, JavaScript, and React.
  - Improved UI/UX, optimized performance, and implemented new frontend features to enhance overall usability.

EDUCATION

- **Bachelor of Science (MSCs)**   *Jun 2020- Aug 2023*
  NewGovernment Degree College, Khairatabad   Hyderabad
  - CGPA: 8.01

- **Intermediate (MPC)**   *Jun 2018- Mar 2020*
  Bhagyaradhi Junior College   Hyderabad
  - CGPA: 8.2

PROJECTS

- **E-Mart**   *May2025- Jun 2025*
  Tools: [HTML, CSS, JavaScript, React Js]   [⦿]
  - Designed and developed a responsive E-Commerce website (E-Mart) using HTML, CSS, JavaScript, and React.js, delivering a modern, user-friendly, and dynamic UI optimized for all devices.
  - Implemented product filtering functionality to allow users to view products by categories, enhancing the browsing experience and usability.
  - Integrated an Add-to-Cart feature using React state management to enable real-time cart updates, improving user engagement and shopping flow.

- **Netflix-GPT**   *Dec 2024- Jan 2025*
  Tools: [HTML, CSS, JavaScript, React.js, Firebase]   [⦿]
  - Developed a Netflix-GPT web application using React.js, integrating Firebase Authentication to implement secure user login and signup functionality.
  - Fetched and dynamically displayed movie data from the TMDB API, implementing real-time updates and responsive UI for an enhanced user experience.
  - Implemented a multi-language feature, enabling users to seamlessly switch between languages for improved accessibility and engagement.

- **Personal Portfolio Website**   *Jan 2024- Feb 2024*
  Tools: [HTML, CSS, JavaScript]   [⦿]
  - Created a personal portfolio website using HTML and CSS to showcase projects and skills in web development.
  - Gained hands-on experience with responsive design, enhancing usability across different devices.
  - Demonstrated strong attention to detail and a passion for web development through the design and implementation of my portfolio
